

First Mailing of the Coornhert Model United Nations 2027

Dear MUN Directors,

The Secretariat of COMUN 2027 cordially invites you to the eleventh annual edition of the Coornhert Model United Nations. The conference will take place at the Coornhert Gymnasium on the 12th, 13th, and 14th of February 2027.

This year marks the eleventh edition of COMUN. Since COMUN was founded in 2016, it has grown into a respected platform where secondary school students can engage in diplomatic simulations that foster critical thinking and leadership.

COMUN is for anyone with an interest in Model United Nations, whether they are beginners or experienced delegates. As always, COMUN will host a variety of interesting committees, including a Crisis Committee, the Security Council and more.

This year's theme is: "Empowering public voices: strengthening civil society". We invite delegates to speak up and take the lead through investigating and debating our societal issues. Through fruitful debates and collaboration, the delegates will speech their way towards legitimate solutions.

At COMUN, we implore delegates to uphold our democratic values. Our aim is to call attention to our right to free speech and urge citizens to keep the government accountable. To promote dialogue and promote fairer paths to a stronger democracy. That is what we hope to achieve at COMUN 2027.

To participate, please follow the registration forms at the end of this letter or visit the official COMUN [website](#). The participation fee is €60. An early bird discount of €10 applies to registrations completed before the 15th of September 2026. Delegate registrations will be open until the 15th of October 2026.

Housing can be requested for an additional €7,50. Delegates will be hosted by the families of our students over the weekend. While we strive to accommodate everyone, housing cannot be guaranteed for all delegates. Alternatively, accommodation is available at hotels in Gouda.

If interested in a position as Student Officer, please fill out the relevant forms at the end of this letter before the 15th of October. A motivational letter and a letter of recommendation from your MUN director are required.

For any further questions, feel free to contact us at dsge@comun.nl. We look forward to welcoming you in February. We are confident that, together, we can make COMUN 2027 a memorable and impactful conference.

Yours faithfully,

Mark Bode

Secretary-General of COMUN 2027
